

SCAD COVID Policy (10/29/21)

All skaters and coaches must be masked at all times on the ice.

Skaters who test positive for COVID 19 shall inform SCAD as soon as possible and shall not participate in any SCAD related activities for 10 days, or until they are asymptomatic, whichever period is longer.

If your skater is a known close contact of a confirmed case of COVID-19, your skater may not participate in any SCAD activities for 10 days after such exposure, except that:

1. Vaccinated individuals may return 5 days after such exposure provided that they provide SCAD with a negative PCR test result performed at least 3 days after the exposure and are asymptomatic
2. Unvaccinated individuals may return 7 days after such exposure provided that they provide SCAD with a negative PCR test result performed at least 5 days after the exposure and are asymptomatic.
